PROFILE

I am currently doing a paid Web Design internship at Techoneer Software House. I have a strong background in digital design from my time at Rinova International, where I created flyers and social media posts. I am skilled in WordPress and Graphic Design and want to bring my technical expertise to your team.

WORK EXPERIENCE

Rinova International

JULY 2024 - DEC 2024

Graphic Designer

- Designed high-quality posters, flyers, and promotional materials to support brand marketing initiatives.
- Developed engaging graphics and layouts for various social media platforms to increase online presence and audience interaction.

Techoneer Software House

April 2025 - Present

Web Designing

- Designing and managing professional websites using WordPress to ensure high-quality digital layouts.
- Creating custom web elements and assets while collaborating with the team to deliver modern design projects.
